

Dear All,

We now have 7 Months ahead for the Wakayama Worlds.
Preparation of the event is slowly, but steadily, getting in to shape.

As all of you know, this Worlds will be a great challenge for both host and the guests all around the world, as it is carried out under a difficult situations ever experienced, such as world economical crisis, high yen, and the tight schedule followed by World Master Game in Sydney right after Wakayama Worlds.

Under above circumstances, JTA is working with our best effort to arrange a comfortable and cost friendly stay in Japan, so that every one can join the event.

Please see below costs to participate in the event.

1. Entree fee:

Please note that Entree fee covers costs for Welcome Party, BBQ party, and Awarding Ceremony.
Required Entree fee, JPY 70,000- is almost same amount as the fee for the past Worlds held in Japan.

2. Accommodation fee:

We are studying possible accommodation options, such as guest house (tourist house), home staying and camping inside harbor site. Also we have secured reasonable guest house for 40 people.
(Details will follow when available)

3. Shipping cost:

We are under negotiation with Transportation Company in Japan for reasonable cost transport.

As a host, we ask for your kind understanding, that we are facing difficulty of finding event sponsors under severe present situations, and that your entree fee holds a great weight in our running cost for the event.

We sincerely hope that as many of you, great sailors, as possible will be able to join us at Wakayama for the fantastic and most exciting Worlds!

Best regards,

JTA president
George Motoyoshi
